MyTrack Business provides career exploration and professionalism experiences including shadowing opportunities, soft skill development workshops, internship placement, and a career speaker series. Additional enrichment activities such as pitch, investing, and accounting competitions are announced annually by the MyTrack Business Moderator.

MyTrack Business is fully compatible with the requirements of the MedTrack program. There is also a pathway to enter MyTrack Business after fulfilling the minimum two-year commitment to musical performance.

ELECTIVES

- Introduction to Business
- Introduction to Accounting
- Intermediate Accounting
- Advanced Accounting
- Entrepreneurship
- Economics
- Finance
- Marketing

Some elective slots grade 11 & 12 will need to be used to fulfill the requirement for Social Studies and Science, as well as provide the option for World Language level III and higher.

The preferred senior math course is either Statistics & Probability or AP Statistics.

For students considering Accounting careers, Calculus is the preferred course.
